

MAMMA DON'T ALLOW

Traditional

Mamma don't allow no bluegrass music around here,
Mamma don't allow no bluegrass music around here,
We don't care what mamma don't allow,
Gonna play that music anyhow,

Mamma don't allow no bluegrass music around here.

Mamma don't allow no guitar pickin'

Mamma don't allow no banjo pickin'

Mamma don't allow no bass playin'

Mamma don't allow no dobro playin'

Mamma don't allow no drum playin'

Sometimes when new styles of music become popular, parents don't always approve. Bluegrass was created by Bill Monroe by taking many styles of music, blues, country and folk, and mixing it up. He became known as the "Father of Bluegrass Music", rather radical in his day! This is the ONE chance it is okay to say "we don't care what mamma don't allow", otherwise, please do what your mom or dad ask you to do!!!
