

# READ A BOOK

Diane Kordas ©2001

Read a book, take a look  
See what you can see.  
You can go to places  
That you have never been  
Read a book take a look  
See what you can see.  
Take a vacation without reservations  
To a place you've never seen!  
You can read about castles, queens and czars.  
You can find out about anything-  
Even how to play guitar!

## Chorus

You can read about different countries  
Planets and stars  
You can read about spaceships  
Or aliens on mars!

## Chorus

Check out a hero at your local library  
A hero is an ordinary person  
Doing something extraordinarily

## Chorus

*Read a book about a far away land, outer space, or about a hero! Do you have a library card? They are free!*
